Location : Uttarpradesh, india

Linkedin : <https://www.linkedin.com/in/bipin-singh-9b807238>

Profile

Objective

Detail-oriented aspiring Data Analyst with a background in Biotechnology, skilled in data analysis, visualization, and statistical methods. Passionate about extracting insights from complex datasets, especially in healthcare and life sciences.

Education

B.Tech in Biotechnology (Pursuing)

Lovely Professional University (or your actual college)

2023 – Present

Relevant Coursework: Statistics, Bioinformatics, Data Analysis, Biostatistics

Academic Project: Biological data analysis using Python

Class 12th (Science) – Mahatma Hansraj (2023)

Class 10th – Kendriya Vidyalaya (2021)

Experience

Data Analyst Intern (Virtual)

Duration: 4–8 Weeks

Cleaned and analyzed datasets using Python and Excel

Built interactive dashboards using Power BI

Generated actionable insights for decision-making

Business Analytics Intern (Training Program)

Duration: 4 Weeks

Performed data visualization using Tableau and Excel

Wrote SQL queries for data extraction

Conducted statistical analysis on sample datasets

Skills

- Languages: Python (Pandas, NumPy), Basic R
- Database: SQL (MySQL)
- Other: Basic Machine Learning
- Data Tools: Power BI, Tableau, MS Excel (Advanced)
- Core Skills: Data Cleaning, Data Visualization, Statistical Analysis

Internship Experience

Data Analyst Intern (Virtual)

Duration: 4–8 Weeks

Cleaned and analyzed datasets using Python and Excel

Built interactive dashboards using Power BI

Generated actionable insights for decision-making

Business Analytics Intern (Training Program)

Duration: 4 Weeks

Performed data visualization using Tableau and Excel

Wrote SQL queries for data extraction

Conducted statistical analysis on sample datasets

Project

Sales Data Dashboard – Created Power BI dashboard to track KPIs

COVID-19 Data Analysis – Analyzed trends using Python

Biotech Data Analysis – Extracted insights from biological datasets

Certifications

Google Data Analytics Professional Certificate (Pursuing)

Python for Data Science (NPTEL / Coursera)

SQL for Data Analysis

Soft Skills

Analytical Thinking | Problem Solving | Communication | Teamwork

Data Analytics | Healthcare Analytics | Bioinformatics
